To Whom it May Concern,

As a citizen of Washington State, I encourage you to accept the proposed settlement in the anti-trust case involving Microsoft.

I won't go into detail, but I think the proposed settlement is fair and it is time to put this quagmire behind us. In the effort to protect us, the government sometimes does more harm than good. I think this has been a case of that kind. It certainly is time to bring it to a close and this settlement seems to be a way to do it.

Thank you for letting me say my piece.
